Teachers Prepared

On this page, enter the number of program completers by the subject area in which they were prepared to teach, and by their academic majors. Note that an individual can be counted in more than one academic major and subject area. For example, if an individual is prepared to teach Elementary Education and Mathematics, that individual should be counted in both subject areas. If no individuals were prepared in a particular academic major or subject area, you may leave the cell blank. Please use the "Other" category sparingly, if there is no similar subject area or academic major listed. In these cases, you should use the text box to describe the subject area(s) and/or the academic major(s) counted in the "Other" category.

If your IHE offers both traditional and alternative programs, be sure to enter the program completers in the appropriate reports. For the traditional report, provide only the program completers in traditional programs within the IHE. For the alternative report, provide only the program completers for the alternative programs within the IHE.

After entering the teachers prepared data, save the page using the floating save box at the bottom of the page.

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

Academic Major

THIS PAGE INCLUDES:

- >> Teachers Prepared by Subject Area
- >> Teachers Prepared by Academic Major

Teachers Prepared by Subject Area

Please provide the number of teachers prepared by subject area for academic year 2019-20.

For the purposes of this section, number prepared means the number of program completers. "Subject area" refers to the subject area(s) an individual has been prepared to teach. An individual can be counted in more than one subject area. If no individuals were prepared in a particular subject area, please leave that cell blank. (§205(b)(1)(H))

What are CIP Codes?

No teachers prepared in academic year 2019-20

If your program has no teachers prepared, check the box above and leave the table below blank (or clear responses already entered).

What are CIP codes? The Classification of Instructional Programs (CIP) provides a taxonomic scheme that supports the accurate tracking and reporting of fields of study and program completions activity. CIP was originally developed by the U.S. Department of Education's National Center for Education Statistics (NCES) in 1980, with revisions occurring in 1985, 1990, and 2000 (https://nces.ed.gov/ipeds/cipcode/Default.aspx?y=55).

Teachers Prepared by Academic Major

Please provide the number of teachers prepared by academic major for academic year 2019-20. For the purposes of this section, number prepared means the number of program completers. "Academic major" refers to the actual major(s) declared by the program completer. An individual can be counted in more than one academic major. If no individuals were prepared in a particular academic major, please leave that cell blank. (§205(b)(1)(H))

Please note that the list of majors includes several "Teacher Education" majors, as well as several noneducation majors. Please use care in entering your majors to ensure education-specific majors and non-education majors are counted correctly. For example, if an individual majored in Chemistry, that individual should be counted in the "Chemistry" academic major category rather than the "Teacher Education—Chemistry" category.

What are CIP Codes?

Do	participants	earn a	degree	upon	completion	of the	program?

• Yes

Program Assurances

Respond to the following assurances. Note: Teacher preparation programs should be prepared to provide documentation and evidence, when requested, to support the following assurances. (§205(a)(1)(A)(iii); §206(b))

8. Describe your institution's most successful strategies in meeting the assurances listed above:

PAGE	

>> Program Assurances

Program Assurances
1. Program preparation responds to the identified needs of the local educational agencies or States where the program completers are likely to teabased on past hiring and recruitment trends.
Yes No
Preparation is closely linked with the needs of schools and the instructional decisions new teachers face in the classroom. Yes No
3. Prospective special education teachers are prepared in core academic subjects and to instruct in core academic subjects. Yes No Program does not prepare special education teachers
 4. Prospective general education teachers are prepared to provide instruction to students with disabilities. Yes No
5. Prospective general education teachers are prepared to provide instruction to limited English proficient students. Yes No
Prospective general education teachers are prepared to provide instruction to students from low-income families. Yes No
7. Prospective teachers are prepared to effectively teach in urban and rural schools, as applicable. Yes No.

Before internships, prospective teachers enroll in courses that teach them how to address the issues raised by the assurances. During the internships,

they are placed in the Mississippi Delta region where almost every public school child is entitled to free- and/or reduced-lunch.

Annual Goals: Mathematics

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students.

(§205(a)(1) (A)(i), §205(a)(1)(A)(ii), §206(a))

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

Report Progress on Last Year's Goal (2019-20)

1. Did your program prepare teachers in mathematics in 2019-20?

If no, leave remaining questions for 2019-20 blank (or clear responses already entered).

Yes

No

2. Describe your goal.

The EPPs goal was to assist candidates with the Praxis Subject Assessment for Mathematics using Edmentum software. Using Edmentum, candidates would receive instructions that would assist in required scores which would allow them to continue in the program through completion.

3. Did your program meet the goal?

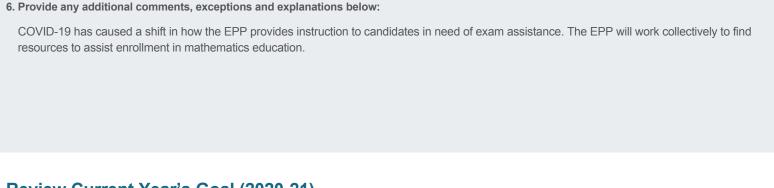

No

4. Description of strategies used to achieve goal, if applicable:

Due to COVID-19, candidates were not able to continue with Edmentum assistance. The EPP is planning new meaning for addressing its goals for mathematics candidates.

5. Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

The EPP will work to find resources to assist candidates virtually as they prepare for full admissions to the program with required exams. These plans are in-progress.

Review Current Year's Goal (2020-21)

7. Is your program preparing teachers in mathematics in 2020-21? If no, leave the next question blank.

8. Describe your goal.

The EPPs goal was to assist candidates with the Praxis Subject Assessment for mathematics using Edmentum. Using Edmentum, candidates would receive instructions that would assist in required scores which would allow them to continue in the program through completion. In addition to the use of Edmentum, the EPP has developed a seminar course to assist with licensure exams passing and has provided free workshops to candidates to retain and recruit candidates; however, due to COVID, this has been revamped to find virtual assistance for candidates.

Set Next Year's Goal (2021-22)

9. Will your program prepare teachers in mathematics in 2021-22? If no, leave the next question blank.

• Yes

10. Describe your goal.

The EPPs goal is to work with its Professional Education Unit (PEU) and Teacher Education Council (TEC) to discuss best methods for preparing candidates Post COVID using virtual and/or hybrid sessions. The EPP plans to prepare candidates entering the program after the December 31,2021 MDE wavier expires for admission to the program.

Annual Goals: Science

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students.

No

2. Describe your goal.

The EPP will make known its free workshops via, university news, facebook and flyers as not only a means for providing assistance but also as a recruitment tool to attract more candidates into the program.

3. Did your program meet the goal?

No

4. Description of strategies used to achieve goal, if applicable:

The EPP began providing professional developments to candidates as well as a seminar course to assist candidates with success on the required Praxis Science subject assessments and PLT; however, plans were compromised due to COVID19.

- 5. Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:
- 6. Provide any additional comments, exceptions and explanations below:

The EPP will work with its Professional Education Unit (PEU) and Teacher Education Council(TEC) to plan virtual and/or hybrid sessions to prepare

candidates who plan to enroll in the program after the MDE Exam waiver ends December 31,2021.					

Review Current Year's Goal (2020-21)

7. Is your program preparing teachers in science in 2020-21? If no, leave the next question blank.

8. Describe your goal.

The EPP will provide more support to candidates through workshops and seminar courses to retain and recruit candidates. The EPP will adopt a school to inspire high school students to enter the STEM Education field.

Set Next Year's Goal (2021-22)

9. Will your program prepare teachers in science in 2021-22? If no, leave the next question blank.

Assessment Pass Rates

The pass rates table is populated from files provided by the testing company or state. The table provides information on the performance of the students in your teacher preparation program on each teacher credential assessment used by your state. In cases where a student has taken a given assessment more than once, the highest score on that test is used. In the case of a teacher preparation program with fewer than 10 scores reported on any single initial teacher credential assessment during an academic year, the program shall collect and publish information with respect to an average pass rate and scaled score on each state credential assessment taken over a three-year period. (§205(a)(1)(B))

Please note that this page does not have an edit feature as the pass rates have already been through several rounds of verification. If you identify an error, please contact Westat's Title II Support Center and your testing company representative.
