FISCAL YEAR 2015

MISSISSIPPI VALLEY STATE UNIVERSITY

OFFICE OF THE PRESIDENT

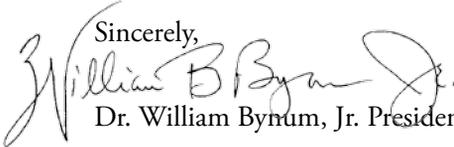

“We make a living by what we get. We make a life by what we give.”

– Winston Churchill

Thank you for helping to make this a historic year at Mississippi Valley State University. Your gift played a vital role in helping us to reach new financial heights, which is reflected by our record breaking fundraising year. Because of individuals such as you, donor contributions increased by over 165 percent for the 2014-2015 fiscal year.

We are still in the business of transforming lives in the Mississippi Delta and beyond. Because of your contribution, we were able to support students' international travel to engage in Study Abroad programs in Costa Rica and the Dominican Republic, provide student athletes with resources that allowed them to excel in the classroom, as well as during competitions, and enabled us to increase the graduation rate by offering financial assistance to seniors, who needed extra help to fulfill their financial obligations.

Your generous financial support is demonstrative of a commitment to the University and believing in us. Again, on behalf of the students, faculty, and staff of this great university, Thank You!

Sincerely,

Dr. William Bynum, Jr. President

The scholarship was a career changer for me. It afforded me the opportunity to expand my experiences and educational endeavor at Mississippi Valley State University. I am grateful for this opportunity and will treasure this experience. I valued my education and am very glad that I was able to continue the HBCU: Mississippi Valley State University Legacy created by my parents and grandparents. As a third generation MVSU student, I am looking forward to expanding my horizon as I continue my educational pursuit towards a Ph.D. (2020).

KELVIN FAIR

Hometown: Cleveland, MS
Major: Business Management
Classification: Senior

I would like to take this time to thank the Mississippi Valley State family for acknowledging me to be the recipient of a scholarship. I am a non-traditional student who decided to re-enter college and attain my degree in business management. This decision was made due to the many roadblocks that I encountered on different jobs which would not allow me to grow because of a lack of education. I knew that re-entering college would not be an easy task. I work full time and spend much needed time with my family. It has also proved to be financially challenging as well. This scholarship has been God sent. I thank each and every person who played a role in my receiving this scholarship. You all have allowed God to use you as a vessel to help others and your obedience will be rewarded as you continue to do his work. Thank you again for everything and know that this scholarship will be put to good use.”
