

Of the 15 public and private higher education institutions in the state of Mississippi, fourteen submitted data to establish external benchmarks for a statewide EPP Impact Report. The participating EPPs are noted on the map below.

- Alcorn State University
- Belhaven University
- Blue Mountain Christian University
- Delta State University
- Jackson State University
- Mississippi College
- Mississippi State University
- Mississippi University for Women
- Mississippi Valley State University
- Teach Mississippi Institute
- Rust College
- The University of Mississippi
- The University of Southern Mississippi
- William Carey University

Fourteen institutions of higher learning that comprise the Mississippi Education Preparation Providers (EPP) requested that the Statewide Longitudinal Data System (SLDS) provide information required for national accreditation through CAEP. These 14 institutions are Alcorn State University, Belhaven University, Blue Mountain Christian University, Delta State University, Jackson State University, Mississippi College, Mississippi State University, Mississippi University for Women, Mississippi Valley State University, Teach Mississippi Institute (TMI), Rust College, The University of Mississippi, The University of Southern Mississippi, and William Carey University.

Each of the 14 institutions provided the SLDS Clearinghouse with supplemental data containing information on teacher education program completers, including certification track (traditional vs. alternate route), licensure exam results, Teacher Intern Assessment Instrument (TIAI) and Disposition scores, as well as admission information. The data were used in conjunction with de-identified data already in the SLDS Clearinghouse to produce reports to assist with CAEP annual reporting measures.

A cohort design was used where individuals graduating from each of the EPPs in a given academic year were followed over time to identify their subsequent performance outcomes. Reports containing the results were produced for each participating EPP as well as a statewide report which is contained in this Mississippi Impact Report Card. The statewide Educator Preparation Provider Collaborative Committee (EPPCC) designated a subcommittee to develop the format and methodology of the Mississippi Impact Report Card led by Dr. Mitzy Johnson and Mrs. Jenny Hartness from Mississippi State University, Dr. Ann Monroe from University of Mississippi, and Dr. Yanbing Tang and Mr. Leslie Charlton from the National Strategic Planning and Analysis Research Center (NSPARC).

State of Mississippi Education Preparation Provider (EPP)

The Mississippi Impact Report Card for Teacher Education Programs (Initial Undergraduate and Alternate Route) was developed to comply with the Council for the Accreditation of Educator Preparation (CAEP) Standard 4 (Program Impact). Fourteen public and private higher education institutions submitted data to establish external benchmarks for Statewide EPP.

State of Mississippi Education Preparation Provider (EPP) Impact Report

The Mississippi Impact Report Card for Teacher Education Programs (Initial Undergraduate and Alternate Route) was developed to comply with the Council for the Accreditation of Educator Preparation (CAEP) Standard 4 (Program Impact). Fourteen public and private higher education institutions submitted data to establish external benchmarks for Statewide EPP.

¹If * appears in the institution EPP Total section, no program completer taught in this grade level or subject area.

²The Statewide All Teachers section includes traditional and alternate route teachers.

Interpretation of the Data:

This report provides information on the learning outcomes of Mississippi public school students taught by Mississippi Valley State University Education Department program completers. Statistics on these students' standardized assessment performance are reported. To provide context and comparison, a corresponding set of data for all Mississippi public school students statewide is reported as well as data from Mississippi public school students taught by the same year cohort completers from other EPPs in the state.

“Statewide All Teachers” includes the test data for every student of every teacher in MS public schools.

“Statewide EPP Total” includes the test data for students taught by a teacher graduating from the indicated cohort from the 14 EPPs participating in the report.

“Institution EPP Total” includes the test data for students taught by a MVSU completer from the indicated cohort.

Mississippi Valley State University graduates had low % at Proficient or Advanced students with the exception of one Traditional Route Program Completer who outperformed all statewide and EPP 1st year teachers and four Alternate Route Program Completors who outperformed all EPP 1st year teachers highlighted in green compared to yellow.
