PLEASE READ THE ASSIGNMENTS!

You cannot pass this course without reading the assigned readings. As you read don't skip over introductory materials or sidebar materials in the textbook. Ask the instructor about anything you don't understand. Your quizzes and exams come from these readings—pay attention as the instructor presents chapter material. **The keys to success in the course are keeping up with these readings and following all course directions. Before you submit an assignment, make sure you have followed all assignment directions. Once you click that button, you can't do it over again. If you miss a deadline, be aware that no assignments or quizzes will be opened up again.**

Check into Blackboard EVERY DAY, even if it is just to check on upcoming deadlines. Always click on your email in Blackboard to see if the instructor has sent you a message and on the announcements tab and then click on Assignments, Discussions and Quizzes/Exams to check on upcoming deadlines.

Academic Integrity:

All acts of academic dishonesty, including, but not limited to, cheating on exams, plagiarism, internet papers, paraphrasing internet papers, presenting someone else's work as your own, failing to meet academic and professional requirements, will result in an automatic "F."

The University's academic honesty and plagiarism policies are enforced in this course. [See online documentation on MVSU cheating/plagiarism policies in the Student Handbook and the undergraduate catalog.] The plagiarism upload assignment is to draw your attention to these policies.

IMPORTANT NOTE ON PLAGIARISM

In a university it is considered serious academic misconduct to plagiarize, which is the theft of someone else's work without giving credit to that person for their work. This university, in its efforts to stop plagiarism, has purchased a license to a software program, Turnitin, which allows faculty to check student papers against anything that is written on the web or that has been submitted by other students. The university administration took this step due to a real concern about this issue. Plagiarism will have a negative impact on your final grade.

Students who engage in extensive plagiarism in an assignment [over 25% of your paper] receive 0 points for that assignment. **If you use another student's paper for your plagiarism, you and that student will both receive a 0 for the assignment.** If you use published or unpublished material—either words or ideas—in a paper you must acknowledge where you accessed this material. However, **in this class DO NOT USE QUOTES.** Use your own words for everything, and cite the source of your ideas if they come from sources other than the textbook or the document you are analyzing.

If you do not understand what plagiarism is, go to the following website for illustrations.

<https://wts.indiana.edu/writing-guides/plagiarism.html>

Please do not hesitate to contact the instructor if you have any concerns about the issue or if you need help in understanding it.

Turnitin

<http://turnitin.com/>

All of your papers must be submitted by you to the Turnitin website for plagiarism checking. **Please note: Submitting the paper to turnitin does not mean you have submitted it to the**

instructor. **You MUST upload the file in Blackboard [Do not cut and paste into the text box in the Blackboard Assignment submission page] in order to receive credit for a paper submission.** Go to the above website and register for the course. You log in to the site, if you have previously used Turnitin, in the top right hand corner of the page. If you are new to Turnitin, click on “Create Account” immediately under the Login lines and follow the instructions. **Be sure to use an email in Turnitin to which you will always have access. You register with turnitin and then you register for this course. Two steps.**

The **class ID** for this course is **19923993**

The **enrollment key** is **hi102e01s19** ==PLEASE NOTE THAT THE PASSWORD IS CASE SENSITIVE--MAKE SURE YOUR CAPS LOCK IS OFF.

No written assignment will be credited or graded for this course before it is submitted to Turnitin and to Blackboard. You will have until 11:00 p.m. on the day the paper is due to submit it to **Turnitin and to Blackboard**. **No late papers will be accepted.** Do not miss an assignment. **Do not cut and paste your paper into a file box. Upload all papers in an MSWord file--to BOTH Blackboard and Turnitin—NOT A TEXT FILE. DO NOT SUBMIT THE ASSIGNMENT AS AN E-MAIL or as a pdf or text file!** TWO of the three written assignment papers must be submitted in order to receive a passing grade (a D) in this course—no matter how many points you accumulate. Do not assume that your clock is set to the exact minute that the Turnitin and Blackboard clocks are.

When you submit a paper to Turnitin there is a two-step process. You will be given a paper ID following your submission as well as an email verifying that your submission has been received. Make note of the paper ID when you submit it to have proof of your timely submission in case of any technical errors on the website. Always keep a digital copy [a file on your thumb drive or on your computer] of your papers. If you do not receive a paper ID number then you have not completed the submission process—so be sure to complete the next step. **IMPORTANT NOTE (again): Submit your paper by file upload, NOT by pasting into the box. Please use Microsoft Word files--.doc or docx extension in the file name. The instructor cannot make comments on your work if you submit in a .pdf file.**

If the power goes out when you are submitting the paper, email the instructor an attachment of your paper at your earliest opportunity. The instructor will expect verification of this power outage. **If you do not register for Turnitin you will not be able to get credit for your paper assignments or do the file upload assignments.**

Quizzes: 15 chapter quizzes, 15 points each– 180 points – 3 of the 15-point quizzes can be skipped or the points you earn on them would be counted as extra credit. So if you start attending the class late and miss an early quiz or two it will not affect your final score, though you will miss out on some extra points. Final grades are calculated by adding up total points. These quizzes are based on material in the chapter readings and are randomly selected by the computer from textbook and instructor-generated questions. Read ALL the material in each chapter of the textbook as quiz questions can come from any of the sections in the readings and graphs. It is important for success on the mid-term and final exams that you consider any quiz questions that you do not understand. So, after the quiz take the time to jot down points that you didn't understand and look up the material in the textbook, making notes for yourself. **Ask the instructor if you cannot locate a particular answer in your textbook.** You are allowed two attempts for each quiz. Each quiz is 15 multiple choice questions, and you will have a set number of minutes to answer those 15 questions. A quiz must be completed once you start it so be sure you have a quiet, uninterrupted space to take it. **PAY ATTENTION TO THE COUNTDOWN CLOCK.** This warning also pertains to the midterm and final exam. Inform the instructor **immediately** by email in Blackboard or at kgreenmvsu@yahoo.com if technical difficulties prevent you from finishing your quiz. She can access the system to verify this and can reset the quiz. This will not be done if you wait to inform her of the problem.

MIDTERM EXAM, 100 POINTS, cumulative from Chapters 15-19, 21 and 22. Due by March 7 at 11:00 p.m.

Primary sources discussion: **75 points** - First discussion thread due by March 20 or a 0 will be assessed. Discussion closes March 27 at 11:00 p.m. Click on the Assignment and Discussions tab in Blackboard which will be open after the midterm. **Your first thread must be submitted to turnitin.**

NEWSPAPER ARTICLE ANALYSIS ESSAY ASSIGNMENTS, 150 POINTS: 3 written assignments on newspaper articles that you select [not website only news sources], AT LEAST 500 words, 50 points each, A separate assignment discussion and scoring information in the assignment tab on Blackboard –General Instructions for Newspaper Article Source Analysis--explains the requirements for these papers and how to find your article for the assignment. **It is imperative that you read these instructions in order to understand the assignment and how it will be graded.** You will lose points if your paper isn't

long enough--you will not be penalized if you go beyond the suggested word limit. Seriously study the requirements before writing the papers—these are not just summaries of the articles.

FINAL EXAM, 150 points, Chapters 17, 21, 23, 26, 27, 29 and 30

Total points: 770 points

Grading scale: 90-100% of points = A = 693 – 770 points
 80-89% of points = B = 616 – 692 points
 70-79% of point = C = 539 – 615 points
 60-69% of points = D = 462 – 538 points
 Below 60% of points = F = below 462 points

Pay attention to your points during the class, but above all, do all assignments and keep up in the class.

Extra Credit: 20 points for seeing the instructor during her office hours to discuss the course and Blackboard. These visits must take place before January 29. It is a good idea to inform her by email when you plan to come by as she is sometimes called away for meetings.

Extra Credit Assignments: 100 points possible, 25 points for each assignment. These assignments are not required, but are offered for those who wish to add to their point totals. In order to get these points you must turn the assignments in on or before January 25, February 15, March 29, and April 19. If you do not turn in an extra credit assignment on or before January 25, your possible extra credit points go down to 75 points. If you then miss the second opportunity on February 15, your extra credit possible points go down to 50 points, etc. Each assignment must be turned in to the assignment board and to Turnitin. They must be at least 500 words in length and must address the issues below. These are basically the same kind of assignments as are required for the three newspaper article analysis papers in the course.

The assignments consist of finding a newspaper article that appears during the time period of the course listed in the assignment, either in a local paper or in an on-line newspaper such as the New York Times, Los Angeles Times, Chicago Sun Times, Washington Post, Greenwood Commonwealth or any other **United States or English language newspaper**. This means CNN, yahoo, Fox News, MSNBC, Huffington Post, etc. **are not eligible for these assignments**. ONLY NEWSPAPERS/NEWSPAPER websites. Each article must have some discussion of, or allusion to, a region of the world designated for that particular assignment—See Assignments Tab as the regions change for each assignment. These are not articles on the U.S., U.S. policy in that region or immigrants from that region to the U.S.

1. These articles must come from newspapers, not websites unconnected to a print paper.
2. **Cite the article [Title of the article, author [if given], name of the newspaper, date of publication] AT THE TOP OF YOUR PAPER.** Put your name at the top of the paper, as well. **No repeat headers allowed in your papers.**
3. You are to summarize the article and the point of view of the author.
5. Then indicate whether you agree or disagree with what is presented and whether your textbook sheds any light on the subject---use the index and cite the textbook pages.

6. Comment on how history is “used” by contemporary authors to support their points of view or illustrate subject matters they deal with.
7. Have you learned anything from the article?
8. Finally, and most importantly, what are the specific sources the author(s) cite(s)/uses to support the article?

Each assignment must be turned in to **BOTH** the assignment board in Blackboard and to Turnitin. No extra credit assignment will be counted if you don't turn the paper in to BOTH these websites. They must be at least 500 words in length, must address the eight numbered issues above, and must be dated in the designated dating range for the assignment in which you are turning in the paper. The subject matter of the articles should be about the region designated for the assignment. Another object of the assignment, as with other assignments in the course, is to follow specific directions, as you would be asked to do in any job situation.

The point of these assignments is for you to think about how history relates to what is happening now, so think about this issue as you write your essay.

In order to get these points your paper must be at least 500 words, must cover the topics/questions listed above and must have the complete citation of the article at the top of your paper [See no. 2 above] with your name above the citation.
